Attention: Mohammed Osman Chowdhury (President)

Dear Mr. Chowdhury:

We appreciate and value your input on the school calendars and the observance of a Muslim holiday. This letter confirms that the School District of Palm Beach County has approved the school calendars for the 2023-2024 and 2024-2025 school years during the June 1, 2022 School Board meeting. While we receive many requests from the community and staff, we are pleased to inform you that the Muslim holiday, Eid al-Fitr, has been recognized in these calendars. More specifically, April 10, 2024 has been approved as a spring holiday where all schools are closed to both students and staff, and March 31, 2025, all students will again have the day off from school.

These calendars have been approved and can be accessed from the District website at www.palmbeachschools.org. Again, we appreciate your involvement and are pleased to provide an equitable calendar for both students, staff, and the communities we serve.

Sincerely,

Michael J. Burke
Superintendent
